Please anticipate longer wait times for on demand languages of limited diffusion*, and even longer waits for languages of very limited diffusion**. It is best to schedule these languages in advance: coordinator@voicesforhealth.com

Languages listed may belong to a language family and all languages, dialects or spellings may not be listed. This list is subject to change, as we continue to add language teams.

If all video interpreters for a language are busy, an audio-only interpreter will connect initially, with the call transitioning to video once available.
